REL-DATA:

Continuation of Ser. No. 322740, March 13, 1989, ABANDONED

CORE TERMS: tile, manager, display, cell, input, displayed, region, database, user, window ...

ENGLISH-ABST:

Input to the system is buffered by the forms manager to determine access to the tile/region and to check entered data. The tile/region will retain various information such as data entered, user, time, changes, etc. To display a form, the

540382 (07) 5208907 May 4, 1993

forms manager obtains a list of objects to be displayed. This list of objects is then edited to remove objects which are not utilized and to place the remaining objects in a prioritized order. The forms manager then generates the display.

PARENT-PAT-INFO:

This application is a continuation of prior application Ser. No. 07/322,740, filed Mar. 13, 1989, now abandoned.
